

FOR YOUR BUSINESS

Promodoro use combed and only combed cotton which means:

- dyeability is very good
- less hairiness and superior appearance
- superior hand feel
- short fiber percentage is low
- regular yarn made from higher grade cotton fibre

Promodoro focus on a clean and anti-pilling finishing which grant high printable quality result and excellent washing performance in terms of shrinkage & also impact the durability of the garment or printed garment

Promodoro quality is recognized by all experts as a perfect garment for DTG

DTG SELLING GUIDE

OPEN NEW MARKET

What Promodoro offer for DTG: The Promodoro collection mirrors those interesting developments in materials that are currently taking place on the fast-moving printing technology market. We particularly focus on the latest needs within the sector that are important to guarantee optimal printing results.

In doing so, Promodoro unite the most recent developments from textile finishing technology with the most relevant print trends. That is why Promodoro is today the first and only company that is claiming its products to be highly suitable for DTG

These are strengths that everyone can feel on their skin and see with their own eyes when they print digital on Promodoro.

DTG IS NOT ONLY ABOUT T-SHIRTS

Digital printing is a strongly growing market.

There really seems to be no limits in terms of materials and products. React to changing market trends and expand your range of be-spoke styles, with items such Slim Fit Shirts with elasthane, poloshirts or sweatshirts from cotton or cotton/polyester.

Explore new ways to produce a variety of products that will increase your turnover and margin.
